

Ticket #7337 (new Bugs)

sparse_view.hpp: wrong copy-constructor for
compressed_matrix_view

Opened 4 minutes ago

Reported by: Marco Guazzone
<marco.guazzone@...>

Owned by: guwi17

Milestone: To Be Determined

Component: uBLAS

Version: Boost 1.52.0

Severity: Problem

Keywords:

Cc:

Description

The copy constructor for compressed_matrix_view (in boost/numeric/ublas/experimental/sparse_view.hpp) is wrong: it doesn't copy any member from the input argument.

I upload a patch for this, along with the patched file.
